

Become what you want to be.

Perho Culinary, Tourism and Business College with its 1500 students is about substance with attitude and sense of community. Combinable study programmes and the possibility to attach sports in qualifications are just some of the Perho ways to make you stand out from the crowd.

Our mission is to educate qualified and multi-skilled service professionals in a borderless and digitalized learning environment, which also promotes sustainable development, internationality, wellness and entrepreneurship.

Work as a solid part of the studies is the fastest way to build a work identity and to get employed. Our students are desired employees and they tend to have a permanent job already when they graduate.

Learning by doing is the gateway to working life, but it also improves current professional abilities and supports academic degree studies.

Perho PRO for continuous learning

Perho PRO offers culinary, tourism and business apprenticeship training, a wide range of further education for adults and business renewing development services for companies and communities. It also manages national and international education development projects.

So it's time to ask yourself: What do I want to be?

Perho CTBC is the best vocational college offering the best opportunities to become employed. That's what we are.

Vocational upper 2ry qualification studies

Culinary

Competence area: Customer Services

Our waiters and waitresses are masters in customer service and sales. They work in restaurants, cafés and catering services as well as bars and pubs.

Competence area: Food Service

As a cook you work in restaurants with various business ideas. You cook tasty food to any of their clients and clientele.

Restaurant Cook

English-taught Restaurant Cook study programme prepares you to work in food production tasks in restaurants or cargo and passenger ships; in planning, cooking and presenting restaurant dishes and in storing foodstuffs.

Tourism

Competence area: Tourism Sales and Information Services

Prepares you to work in passenger and guidance services, travel sales, promoting and booking and to design and implement trips and tour packages. Typical employers are e.g. travel agencies, airlines or shipping companies and airport check-ins.

Business

Competence area: Financial and Office Services

Prepares you to work in challenging tasks in payroll computation and accounting or in assisting tasks of financial administration.

Competence area: Customer Services and Sales

This competence area offers various study programmes to choose from: Customer Services and Marketing, which is also available as a dual qualification, Sales and Marketing, Insurance and Banking and Sports (see below). Depending on your choice you'll work in customer service or in back office services e.g. in product and service sales, customer advising or marketing and communication tasks.

Sports

Competence area: Customer Services and Sales

(Competitive) sports combined with Customer Services and Sales studies is our college's speciality. Flexible studies include intensive morning workout and learning methods adapt sports also as a learning environment. Sports studies are also available as a combined qualification. Studies prepare you to work in sales and supporting advertising and communication in e.g. sports companies, organisations and events.

Combination/Dual Qualifications

At first: every vocational qualification makes you eligible for in studies in universities and universities of applied sciences.

But if you like books as well as studying hands on, your choice is combination/dual qualification studies where you can attach general upper secondary school studies (3 years) to vocational studies (3 years). This way matriculation and vocational certification take three years in total.

Perho CTBC
has the status of
a national sports college.
We're an active member of
URHEA, the sports academy
of Helsinki area, which
is an approved
organisation of the Finnish
Olympic Committee.
